Please **initial** each statement to confirm that you have read and understand the course policies. Sign and date the completed form, then submit it through the designated Canvas link.

- _____ I have read the Course Syllabus and understand that I am responsible for following all course policies, assignment instructions, deadlines, and submission requirements.
- _____ I understand that grades are based on points earned under published grading criteria. Effort, expectations, graduation plans, and dramatic emails **do not entitle me to a particular grade.**
- _____ I agree to submit **only my own work** for all assignments in this course and understand that failing to do so will result in being reported to [The Center for Student Rights and Responsibilities](#) and failing the course.
- _____ I will not use **generative AI** or generative features in ChatGPT, Grammarly, Gemini, Claude, Copilot, or similar programs to generate, summarize, rewrite, paraphrase, complete, evaluate, or validate course work without prior written permission. Basic spelling and grammar correction is permitted. Presenting AI generated material as my own work constitutes academic dishonesty.
- _____ I understand that each assignment must be completed entirely within **one Google Document**, with the instructor retaining Editor access from the document's creation through the end of the course. A violation will result in **a zero with no resubmission or makeup opportunity.**
- _____ I understand that **anonymized excerpts from my submissions may be displayed and discussed within this course** for instruction, critique, and review of course policy compliance. Names and direct identifying information will be removed.
